# Neutral Water

7 pH Neutral Water For Medicines and Below 3 Years Child. Universal hydration, safe for all uses.  
Suitable for drinking, skin care, and general use without altering the body's pH.

# Drinking Water

8 pH Alkaline Water For Above 14 Years Child. Helps maintain body hydration without altering pH balance. Supports acid-alkaline balance, mild hydration.

# Drinking Water

9 pH Alkaline Water For Adults. Detoxification, improves digestion, enhances hydration.  
May aid in reducing heartburn or acid reflux by neutralizing stomach acids.

# Cooking Water

9.5pH Alkaline Water For Chronic Diseases and Cooking.Helps increase energy levels, and aids in post-workout hydration. Great for muscle recovery. Antioxidant effects, neutralizes acidity, promotes hydration.

# Fruit Washing

10.5pH Alkaline Water For Detox Your Fruits, Vegetables and Grains. It can potentially help remove pesticides and other chemical residues more effectively than regular water due to its higher pH level

# Beauty Water

5.5 pH Helps maintain the skin's natural acid mantle, preventing skin dryness or irritation.  
Gentle for Sensitive Skin. Non-irritating, good for delicate or sensitive skin.

# Reverse Flushing
